

## APPLICATION FOR FREE HOME REPAIRS AND PAINTING

Each year The Appalachian South Folklife Center hosts volunteer groups to come and perform various community service projects in the area. Some of the work we do is simple home repairs for those in need including interior or exterior painting, porch repair, yard work and basic carpentry. Please fill out application and send to the address at the bottom of this form. Please note that due to varying conditions we cannot assure that any work will be performed. We strive to help as many people as possible but due to time constraints, group size and skill, and material availability some or all of the applicants may not receive this service. After receiving your application a member of our staff will review it and be in contact if your home meets criteria set forth by the center. Work groups begin to arrive in March so please send in your application as soon as possible so we may add you to our list.
